CEDAR VALLEY MTB

More than 120 local kids call Cedar Valley MTB their team.

Cedar Valley MTB gives middle- and high-school students from Eagle Mountain the opportunity to ride, race, grow, and belong. From first-time riders to experienced racers, every athlete has a place on our team—regardless of experience, ability, or financial circumstances.

Throughout the season, our riders spend hundreds of hours training, racing, maintaining their bikes, and giving back through trail work and service. They learn to push through tough climbs, setbacks, and their own doubts.

Along the way, they build confidence, resilience, friendships, and a love for the outdoors.

That experience is possible because of sponsors like you.

Mountain biking can be expensive. We don't want cost to determine whether a kid gets to participate.

Sponsor support helps provide:

- **Rider scholarships and bikes for athletes who need financial assistance**
- **Safety equipment and team gear**
- **Tools and maintenance resources**
- **Race-day support and team infrastructure**

When you sponsor Cedar Valley MTB, you're investing in more than a race season. You're helping local kids discover what they're capable of.

Cedar Valley Mountain Bike Team is a registered DBA of Ride Cedar Valley, a 501(c)(3) nonprofit organization supporting youth cycling in our community.
